oral syringe

# Sweet Cheeks®

40% Glucose Gel

**40%** **for babies**  
**GLUCOSE** **EASY**  
ADMINISTRATION

## Why Sweet Cheeks?

- 40% glucose specifically designed for newborns
- Made with organic ingredients
- No parabens, flavors, or dyes
- Promotes parent bonding and breast feeding
- Individually packaged and barcoded for convenience
- 3 mL glucose in 5 mL oral syringe
- 2 year shelf life

## Keeping babies in the sweet spot of their parents' arms!

Dandle•LION is pleased to announce Sweet Cheeks, a 40% glucose gel, made just for babies and designed for clinical convenience. The single-use graduated oral syringe provides controlled administration for all infants, regardless of size. The viscosity of the gel helps it stay on your finger for easy application.

Sweet Cheeks... helping you to keep babies in the arms of their parents!

Simple formula with baby-friendly ingredients

BPA-free, DEHP-free, not made with rubber latex

No artificial colors or flavors; no parabens or xantham gum

Made with certified organic glucose and glycerin
