

NELLA™ VUSLEEVE®

Single-Use Tissue Retraction Sheath

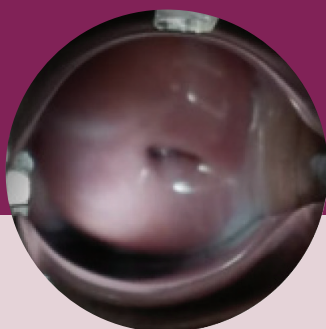

The Only Sleeve Designed for a Speculum

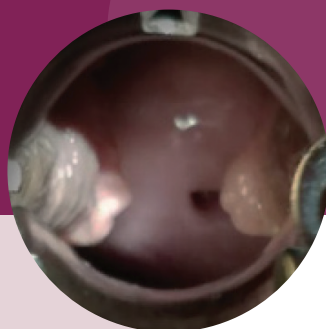

- Retracts vaginal sidewalls
- Protects vaginal tissue
- Reduces need for wider specula
- Increases patient comfort¹
- Fits most specula
- Designed to grip speculum

In **80%**
of exams, VuSleeve helped
providers visualize and access the
patient's cervix better than if they
hadn't used it¹

The first-in-class,
single-use tissue
retraction sheath.

with VuSleeve¹
sidewall tissue retracted

without VuSleeve¹
sidewall tissue encroachment

Improve exams for all patients,
including those with sidewall
laxity or excess tissue

Use VuSleeve for:

- General gynecology exams
- Colposcopy
- Hysteroscopy
- Biopsies
- IUD insertion & removal
- Other in-office procedures
